

## 2020-2021 Tuition assistance at Learning Tree Farm Nature Preschool

Standard tuition for the 2020-2021 school year is \$230/month for 8 months of care. The first month's tuition is due on August 1, 2020. January there is no tuition due as we are on break. There is no tuition due in May as we have paid ahead a month.

Learning Tree Farm offers tuition assistance to qualified families. This assistance is extended to families based on the federal poverty levels. We do not take financial standing into account when forming classes. Families must register and be entered into the lottery prior to February 14, 2020. After the class list has been established for the year, families may apply for tuition assistance by making an appointment with Nature Preschool Director, Meredith Florkey. Below you will find a listing of these levels as well as the tuition reduction rates. Any questions on this topic can be directed to Meredith Florkey at [meredith.florkey@learningtreefarm.org](mailto:meredith.florkey@learningtreefarm.org).
